

# TRAVEL + LEISURE

JUNE 2006

## JOIN THE BLOCK PARTY

Keeping kids protected from the sun is one of parenthood's most daunting tasks. But with the latest summer gear, it's almost a day at the beach. Made of fabrics that are tightly woven or treated to increase their Ultraviolet Protection Factor (UPF 50 is tops for clothes), these togs act as sun-blocking armor. So slip 'em on—and slather less
